Why: Cost of Living Increase

As you know, rising gas, food, and other costs have drastically increased, and many families must make tough decisions on how to stretch their paychecks. Inflation is at a 40 year high with gas prices over the last year rising by 48%. The prices of milk and eggs alone are almost 20% higher than a year ago. More people than ever need help. It's people like you who understand what kind of impact these gas prices and skyrocketing food costs have on families. Every \$1 you donate provides 3 meals for our neighbors in need.
