

Spooky 2022 Campaign Social Media Kit – Schools

Instructions

- This social media kit provides you with a series of 5 posts with accompanying images for Facebook, Instagram, and Twitter. You can post these on your main pages, as well as any Facebook groups your school may have, such as PTO groups, classroom groups, and parent groups.
- The accompanying image files are available in the “Spooky Social Media Kit” folder.
- We suggest 1-2 posts a week that focus on the It’s Spooky to be Hungry® drive.
- Please note that these templates require you to fill out details with information from your school. Any area that needs to be filled out is marked in brackets [XX].
 - You can find your school’s team link at itsspookytobehungry.org.
- Please tag Golden Harvest in your posts. On Facebook, type @GoldenHarvestFoodBank, and a link to our page will appear. On Twitter, type @ghfbEndHunger, and on Instagram, type @goldenharvestfoodbank.
- Feel free to modify these templates and the suggested posting times as needed to suit the needs of your individual program or audience. You don’t have to use all of these posts, either—if you want to use just a few, feel free.
- Once the campaign is over, we suggest making a final thank-you post that is specific to your school and the fundraising that you accomplished.
- Feel free to contact Blakeley Bartee at bbartee@goldenharvest.org for any questions regarding Spooky social media.
- It’s Spooky to Be Hungry® tags for 2022 –

Are you ready to #ScareAwayHunger? It's Spooky to be Hungry® is here! Join us as we support **(tag Golden Harvest Food Bank)** in its annual Spooky drive. The best way to help the 1 in 8 people who struggle with hunger in our communities is to join your neighbors in collecting food and funds.

Last year, #ItsSpookyToBeHungry raised a record-breaking 690,000 meals. Let's break that record again! Donate canned and non-perishable items to our drive or visit our donation page to support Spooky: [YOUR LINK HERE]
